What's actually in there

CLAUDE IN EXCEL & POWERPOINT

Talk to Postgres and DuckDB from Excel

81 risk and return metrics, pulled live

Index forward-return and scenario analysis

Power user guide: 26 working tips

CLAUDE COWORK

One front end for analyst work

Files, databases, decks, ML models, code and analysis from one place.

Cowork reaches the internet

Calls APIs directly, plus MCP. Excel connects over MCP only.

All of it: tigzig.com → Claude for Analytics
